

IN THE MICHIGAN COURT OF APPEALS

ORDER

Re: **Mary Jean Stahle v Chelsea Community Hospital**
Docket No. **293992**
L.C. No. **05-001230-NH**

Christopher M. Murray, Chief Judge Pro Tem, acting under MCR 7.201(B)(3) and 7.216(A)(10), orders:

The claim of appeal is DISMISSED IN PART for failure to pursue the case in conformity with the rules. MCR 7.201(B)(3) and 7.216(A)(10). Specifically, the claim of appeal is DISMISSED IN PART as to the August 19, 2009 postjudgment order denying appellant's motion for sanctions and the August 19, 2009 postjudgment order granting appellee Chelsea Community Hospital's motion for case evaluation sanctions and taxation of costs. The Clerk of this Court provided notice regarding the nature of the defect in this filing, and the defect was not corrected in a timely manner by providing this Court with two additional entry fees of \$375, for a total of \$750, corresponding to the claim of an appeal of right from these August 19, 2009 postjudgment orders. Notably, MCR 7.203(A)(1) provides for an "appeal of right" as to a "final order." MCR 7.204(B)(2) requires the payment of an "entry fee" for an "appeal of right." Thus, while it is the practice of this Court to accept a claim of appeal filed regarding multiple final orders in a case, a separate entry fee is nevertheless required as to each distinct final order. Dismissal is without prejudice to whatever other relief may be available consistent with the Court Rules.

The claim of appeal remains pending as to the June 4, 2009 judgment of no cause of action.
